Have these 4 things ready

请先准备好这 4 样东西

- 1 Your PO number** — Carbinox sent it to you when the order was placed (looks like **PO-0003**).
您的采购订单号 — 下单时 Carbinox 已发给您(格式如 PO-0003)。
- 2 Tracking number(s)** — from UPS, FedEx, USPS or DHL. Copy them exactly.
快递单号 — 来自 UPS、FedEx、USPS 或 DHL。请准确复制,不要输错。
- 3 Box count & units per box** — how many boxes, and how many pieces inside each box.
箱数和每箱数量 — 一共几箱,每箱装多少件。
- 4 Weight of ONE box** — in kg or lbs (not the total weight!).
单箱重量 — 公斤或磅(不是总重量!)

Why this matters: Carbinox tracks every box automatically with the tracking number you type. If the number is wrong, your shipment shows as "lost". 

为什么重要:Carbinox 会根据您填写的快递单号自动跟踪每一箱货。单号错误会导致货物显示"丢失"。

提交成功后,页面会显示您的发货编号和一份箱贴 PDF — 每箱一张:

Print the labels and stick one on each box, in order (Box 1, Box 2, ...). The QR code on each label is how the warehouse checks your boxes in — no label = slow receiving.

请打印箱贴并按顺序贴在每个箱子上(1号箱、2号箱.....)。仓库通过箱贴上的二维码收货 — 没有箱贴会大大拖慢收货速度。

IMPORTANT · 重要提示

5 golden rules

5 条黄金法则

- 1 Tracking numbers must be exact.** We track your boxes automatically — one wrong character and the shipment looks lost.
快递单号必须准确无误。系统会自动跟踪 — 错一个字符,货物就会显示丢失。
- 2 Weight is for ONE box,** not the whole shipment.
重量是单箱重量,不是整批货的总重量。
- 3 One line per product (SKU).** Shipping watches and bands? That's two lines.
每种产品(SKU)单独一行。手表和表带一起发?那就是两行。
- 4 Submit on the day the goods ship** — the form is part of the shipment, not an afterthought.
发货当天就要提交表格 — 表格是发货流程的一部分,不要事后补交。
- 5 Stick a label on every box.** Print the PDF right after submitting.
每个箱子都要贴箱贴。提交后请立即打印 PDF。
